

# SIKA AT WORK

## OBOLON RESIDENCES (KYIV, UKRAINE)

Sika Technologies:

Sikaplan® underground car park and ballast roof waterproofing,

Sikafloor® car park flooring

BUILDING TRUST

# OBOLON RESIDENCES

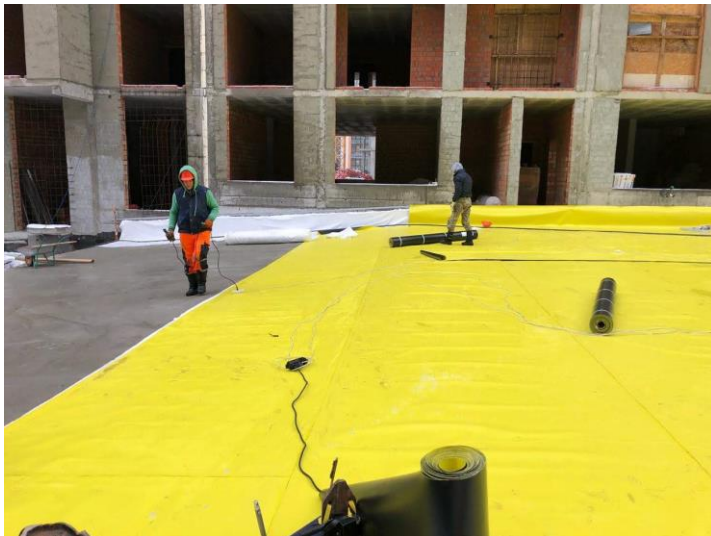

## PROJECT DESCRIPTION:

Obolon Residences is the residential complex of premium class, boasts an exceptional complex of services and exclusive infrastructure that can only be found in the most luxurious buildings in vibrant cities around the world. A lounge area on the roof with a jacuzzi, a gym, a kid's playroom, a conference room, a laundry and five-star service are at our residents' disposal. Modern residential complex with a private landscaped area which consists of 3 sections.

## REQUIREMENTS FOR PROJECT:

The owner required an effective and durable waterproofing solution for the podium deck and ballasted roofs.

The two-storied underground car park was built for convenience of residents and visitors, requiring a durable flooring solution and quality joint sealing.

## SOLUTIONS FROM SIKA:

The **Sikaplan WP® 1100-15HL** PVC membrane was chosen for its proven durability and cost effectiveness. **Sikadur® Combiflex SG System** has contributed to additional safety of movement joints.

**Sikafloor® 2 SynTop** was applied in the car park.

Floor joints as well as all roof flashings were sealed with **Sikaflex® PRO-3** PU sealant.
