

SIKA AT WORK

JACO marshmallow factory (Zhytomyr region, UKRAINE)

Sika Technologies: renovation floors with Sikafloor®

BUILDING TRUST

«JACO» MARSHMALLOW FACTORY

PROJECT DESCRIPTION:

The first zefir factory “Jaco” was opened more than 20 years ago. From the very beginning of the business the ambitious aim of the company was to become a leader among national zefir manufacturers that’s why there were no compromises in “Jaco” production and still there are none. The combination of new technologies with the traditions of manufacturing allows to produce confectionary products that meet the highest world standards.

REQUIREMENTS FOR PROJECT:

Renovation of floor coverings, obtaining a non-slip surface and provide good cleaning ability. Total area – 4000 m².

PRODUCTS USED

Sikafloor®-161, Sikafloor®-264N, Stellmittel T, Sikaflex® PRO-3, Sika® Primer-3 N, Sika Colma® Cleaner
