# RIVER STONE

## PROJECT DESCRIPTION

Project consists of thirteen towers and two underground car parks. The podium deck will serve as a pedestrian area with green loans and playground. Residential complex is situated on the bank of cozy harbor on Dnipro river.

## REQUIREMENTS FOR PROJECT

The owner required an effective and durable waterproofing solution for the underground car park and podium deck.

## SIKA SOLUTIONS

The **Sikaplan WP® 1100-15HL** PVC membrane was chosen for its proven durability and cost effectiveness.

**Sika® Dilatec tapes** were used to make reliable flashing details of **Sikaplan®** membrane. **Sikadur® Combiflex SG System** has contributed to additional safety of movement joints of podium deck.
